

CILTHK LIVE Seminar: Do you know about ISO 45001:2018?

An Occupational Health and Safety Management System (OHSMS) is a fundamental part of an organisation's risk management strategy. Implementing an OHSMS enables an organisation to:

- Protect its workforce and others under its control
- Comply with legal requirements
- Facilitate continual improvement

ISO 45001 is the new international standard for an OHSMS. While it is similar to OHSAS 18001, the new ISO 45001 standard adopts the Annex SL top-level framework of all new and revised ISO management system standards. ISO 45001 can be aligned with other management systems standards, such as ISO 9001:2015 and ISO 14001:2015 and it was published in March 2018. Mr. Thomas Ma will briefly introduce to us what is ISO 45001, how can it be implemented and its benefits.

Date:	16 th November 2020 (Mon)		
Time:	7:00pm – 8:15 pm (Lobby opens at 6:30pm)		
Venue:	Online with Zoom		
Fee:	<u>Free</u> admission		
CPD:	40	Quota:	100

Speaker Profile

Thomas Ma

Project Manager, SGS Hong Kong

In the last 20 years, Thomas gained substantial OH&S experiences and knowledge of proper control measures while working in high hazard environments. He has rich understanding and observation on potential OH&S risks among most industries. Thomas was also a visiting lecturer of the Open University of Hong Kong, and a professional trainer in both private and public sectors.

Everyone is welcome to join!

REGISTER ON-LINE

<https://www.cilt.org.hk/en-us/Event/Detail.aspx?id=60>
